Greetings and Happy New Year! “We are pleased to report in on a wide variety of events in the Sarasota area, and local organizations and activities, that happened in our community in 2015. We are committed to sharing these events with you, as we believe that they represent the diverse and vibrant nature of our community.”

Mentoring and Social Participation

Mentoring is a critical part of social participation, and it is an important aspect of our community. It is an opportunity to give back to our community, while also benefiting yourself. We encourage you to consider mentoring others, and to share your experiences with us.

Age-Friendly Sarasota

Age-Friendly Sarasota is a community-based initiative that is focused on providing opportunities for individuals to participate in social activities. We believe that social participation is essential for a healthy and fulfilling life.

Celebrating Age-Friendly Sarasota

We believe that social participation is key to maintaining a healthy and fulfilling life. We encourage you to participate in social activities, and to share your experiences with others.

Age-Friendly Innovation

We believe that social participation is key to maintaining a healthy and fulfilling life. We encourage you to participate in social activities, and to share your experiences with others.

We believe that social participation is key to maintaining a healthy and fulfilling life. We encourage you to participate in social activities, and to share your experiences with others.

National Mentoring Month

National Mentoring Month is a campaign held annually in January to promote mentoring to youth across the United States. The campaign is open to all individuals who are interested in mentoring, and it is an opportunity to give back to our community, while also benefiting yourself. We encourage you to consider mentoring others, and to share your experiences with us.

Did You Know?

“Did you know that 90% of young people in the U.S. who have a mentor have a higher rate of graduation and are more likely to enter college? This is true for both boys and girls. In addition, 52% of students who participate in mentoring programs report a higher sense of self-worth and a better understanding of their own capabilities.”
