

Suncoast Villages is an umbrella organization supporting community-based organizations called villages. Villages are powered by neighbors helping neighbors to help people live, thrive, and enjoy a sense of community.

## We Are Listening and Learning

Since spring 2020, Suncoast Villages has had dozens of meetings with leaders and organizations locally and across the nation to listen, learn, share, and synthesize. These conversations have contributed deeply and shaped our way forward as an agile learning entity.

We want to shout out to just a few of the groups and organizations with which we are connecting: [The Paradise Center Longboat Key](#), [Sarasota County Aging Stakeholders](#), [Jewish Family and Children's Services of the Suncoast](#), [CitySide Apartments](#), [Area Agency on Aging \(Sarasota\)](#), [Tidewell Foundation](#), [City of Bradenton](#), [Realize Bradenton](#), [Downtown Sarasota Condominium Association](#), [Neighbors Network of Lee County](#), [Village to Village Network](#), and [Charlotte County Human Services](#).

We've met with all of the villages in Florida and facilitated the development the Florida Villages Network. We have spoken to dozens of villages across the country and we are in regular communication with leaders of the national Village to Village Network.

## CallConnect: A Social Call Program of Suncoast Villages

Suncoast Villages created CallConnect, a social call program connecting volunteer callers and participants to build meaningful connections. Both volunteers and participants benefit from the calls by being present, providing emotional support, and sharing stories and insights.

To join us as a volunteer caller or participant, contact Sue Berger, CallConnect's Program Administrator, via email at [SBerger@scgov.net](mailto:SBerger@scgov.net) or apply to be a volunteer [here](#).
