Sharing is Caring

Aspirations to Actions and The Patterson Foundation would love to know about the positive things in your life that have emerged since COVID-19 "new normal" began. Please share your answers HERE.

Thanks for Joy!

Thank you to all of the *Stepping Forward* book circle members (maybe you were Power of Presence members first!) who attended one of the Joy Thomas Moore webinars last week.

You can peruse a short recap **HERE**

Joy and Beth demonstrated the importance of connecting, being there for each other during this tumultuous time, and that even adults need time outs sometimes!

The Great Realisation

This short (4min) video, <u>The Great Realisation</u>, was shared with me through the A2A grapevine over the weekend. In the whirlwind of COVID-19 content, this one truly gave me goosebumps! I hope you'll take the time to watch and reflect, after all hindsight is 20/20.

Census 2020... Continues!

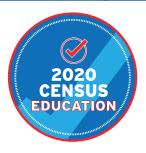

While the hubbub may have died down, the effort to achieve a complete count in Census 2020 is still going strong. Due to COVID-19, the deadline for self response has been extended to August which means more time for us to check with family, friends, coworkers, and random strangers if they've completed Census 2020.
