Thursday, August 19 | 12p-1:30p

**The Patterson Foundation: Community Conversation on COVID
Resurgence, Response, and Recovery**

COVID has changed a lot since [our most recent A2A Newsletter!](#)

We aspired to host a series of community conversations around what comes next for our community post-COVID. With the recent surge in new cases and the emergence of the Delta variant, it has become clear COVID is not going away, at least not yet. In response to these changes, The Patterson Foundation is expanding the scope of next week's community conversation to include resurgence and response in addition to recovery.

We invite you to share your perspective on the ever-evolving challenges brought forth by COVID-19 and how our communities might respond.

Conversations will be held virtually through Zoom from 12p-1:30p. Please sign up for ONE of the following days:

- [Tuesday, August 17](#)
- [Wednesday, August 18](#)
- [Thursday, August 19](#)

To keep the 90-minute conversation personal and productive, space in each session is limited.

We look forward to discovering our shared aspirations as we continue to address how we might respond to and recover from the many challenges brought forth by this pandemic.

For more information, contact Inaugural TPF Fellow [Hannah Saeger Karnei](#).
